To The Class Of 1969

Since yours is the first class that I have known for the entire four years of high school, I feel I know the members of the class better than those that have been graduated before you.

In thinking of you and the motto selected by your class, it seems that you have developed a brief philosophy that is fitting for the majority of the class members.

In your statement of "Faith In The Future" you are professing a belief not held by some of the nation's young people today. The movement of the young revolutionist, be they "hippies", "yippies", or "black panthers", use the loss of "Faith In The Future" and the fear that there will be no tomorrow as a rationale for their actions.

I strongly believe that if our country and our society is to continue and continue to improve, it can only be through our citizens believing as you do and having "Faith In The Future".

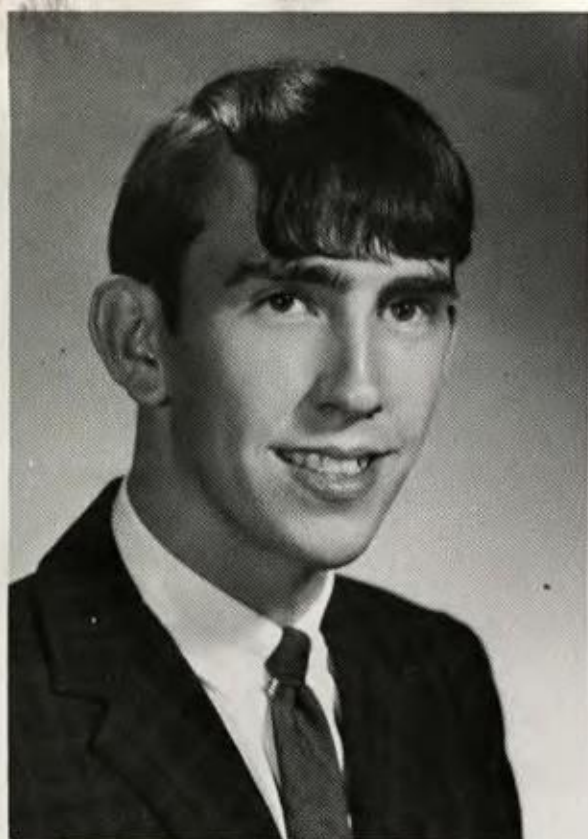

The other half of your motto shows as much feeling for our future. For if we did not have "Hope For The Unknown", there would be little value in the first portion of your motto since there would be little reason for our existing at all.

Every problem facing you as individuals and our society as a whole has a solution that is yet unknown. If this were not true, we would not have problems. If we could not place our "Hope In The Unknown", we would stop seeking solutions large or small.

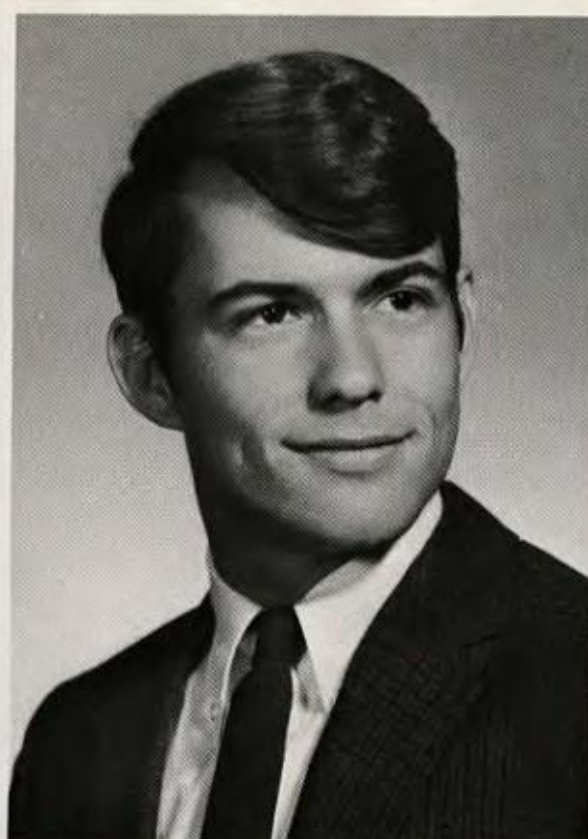

I hope each of you can find a place for this motto in establishing your philosophy of life. I hope it will play a part in everything you do--in college, in your vocation or profession, in raising your family, or in just being a contributing citizen to the community where you decide to settle.

On behalf of the staff, I would like to wish you success in whatever you decide to do in life.

Sincerely yours,
Lloyd W. Harrington

Alex

Alex

The Senior Class is proud to have added a new member this year--Mr. Alex Zadory.

Coming to Laurel from Switzerland through the American Field Service, Alex has lived with the Kendal Jones family.

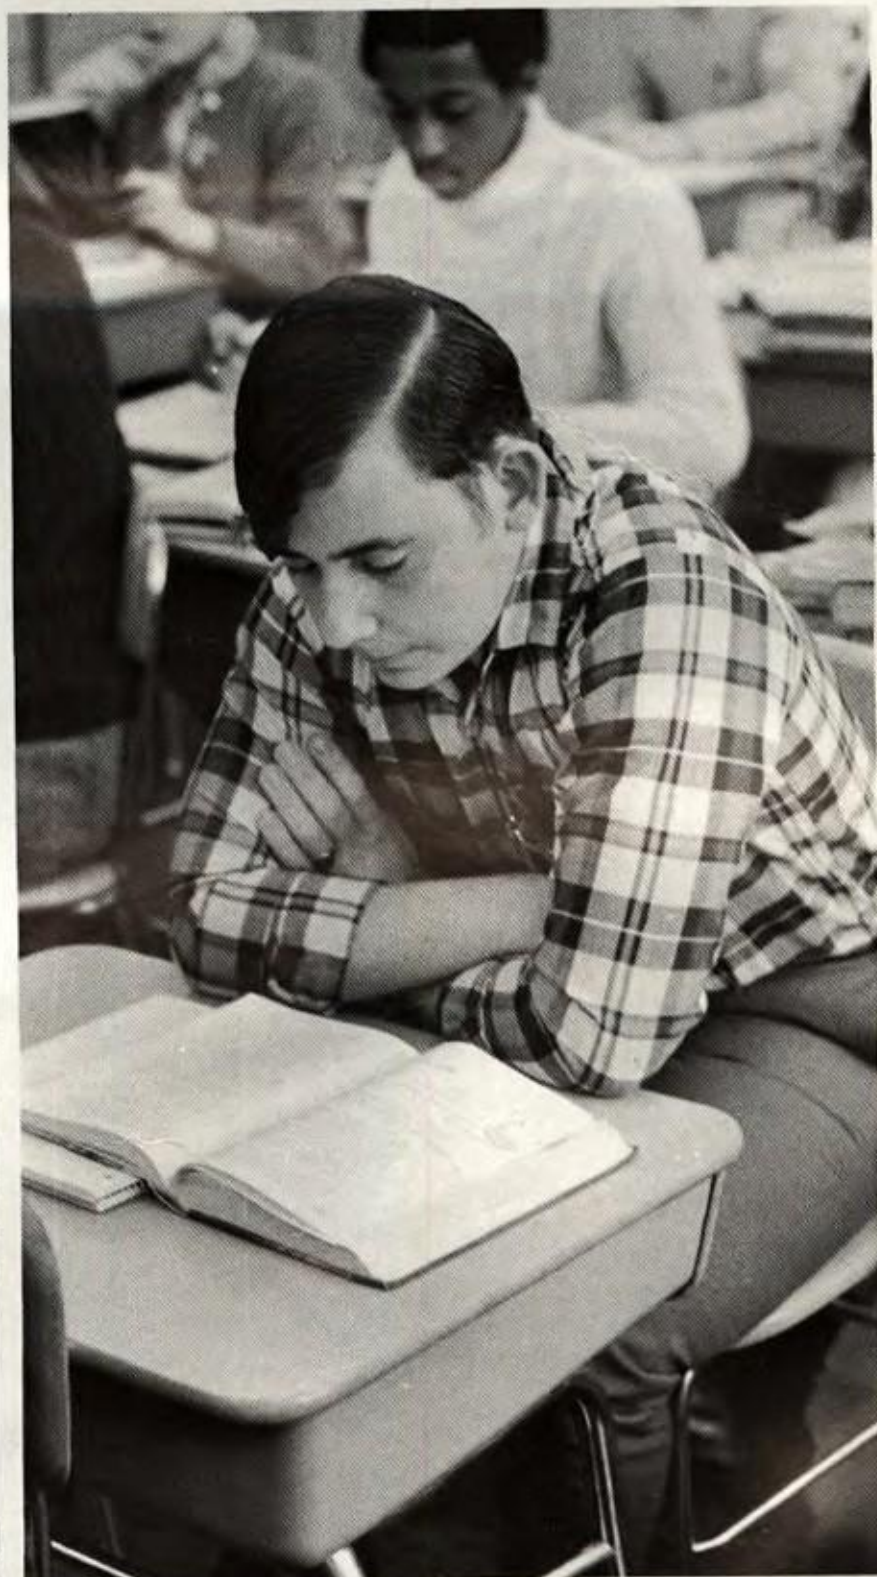

His vivacious personality will make him a favorite of ours. We hope Alex will always cherish his year in our town. The experiences we have shared together will be long remembered and the memories of Alex will always be a part of LHS.

BONNIE,

To one of the craziest but sweetest
girls in that questionable Senior class.
Never forget all the fun we've had -
the time RWL and Jimmy and Jeff Baker
Joan, you & I messed around out near
Trap Pond. Thanks for taking me
riding and everything else - Be good (if at
all possible) and May God Bless you Always,
A.G.F.A.,

Sophomores!!!

UNDERCLASSMEN

Bonnie,

To one of the craziest but sweetest girls in that Senior class. I'll never forget all the crazy but wonderful fun we've had together. Ah, those days!!

I thank you for all the times you took me away from those terrible cartoons and took me into the crazy world of Bonny King. Make the best of your Senior year and try and behave yourself. Impossible!!
May God Bless you always.

Remember . . .

Well Seniors, It's all over. No more cold November practices. No more marks gouged in your leg. No more locker room odor. No more sleepless Thursday nights.

Remember back in your Sophomore year? Remember that game against Wi-Hi when Calhoun brought the club back from a two T-D deficit only to fall short by a couple of points. And how can you forget Jesse White and the Georgetown game.

Your Junior year was also one to remember. You sure showed Seaford that Laurel Has class.

And then came your Senior year. You sure gave Middletown a scare. And how about Giles' run in the Milford game. You showed the alumni Laurel has what it takes.

Looking back over those long, hot practices in August, you sort of thought that the long season ahead should never end. But, all too quickly it was over. Only the memories remain. The memories of Wootten and Atkinson clowning around. Of the deafening silence after a defeat and the pandemonium after a victory; of the Sophomores "rooks" trying to become men; of Brock being smashed into the mud by West and Laurel's revenge in the second half. These are the memories that only a few boys at LHS will cherish . . . The few that had the guts to play the roughest game of all--Football.

Juniors

BoBo,

Well, where do you think I should begin? Remember all the fun you & I have had in the past fifteen years! Never forget all the talks we have had, (mostly about Chris and R.E. & L.T.) Remember all the fun we've had out to church & T.Y.F. The time the horse threw Chris & I off and broke that dumb branch. Don't forget that week I stayed with you and your father while your mother went to Florida (I think), plus all the other times I've spent with you!!! Remember the Sundays when Linda & I went down and some of the water fights, etc. Don't forget the times when we were real young and we always went snow sledding and you got run over.

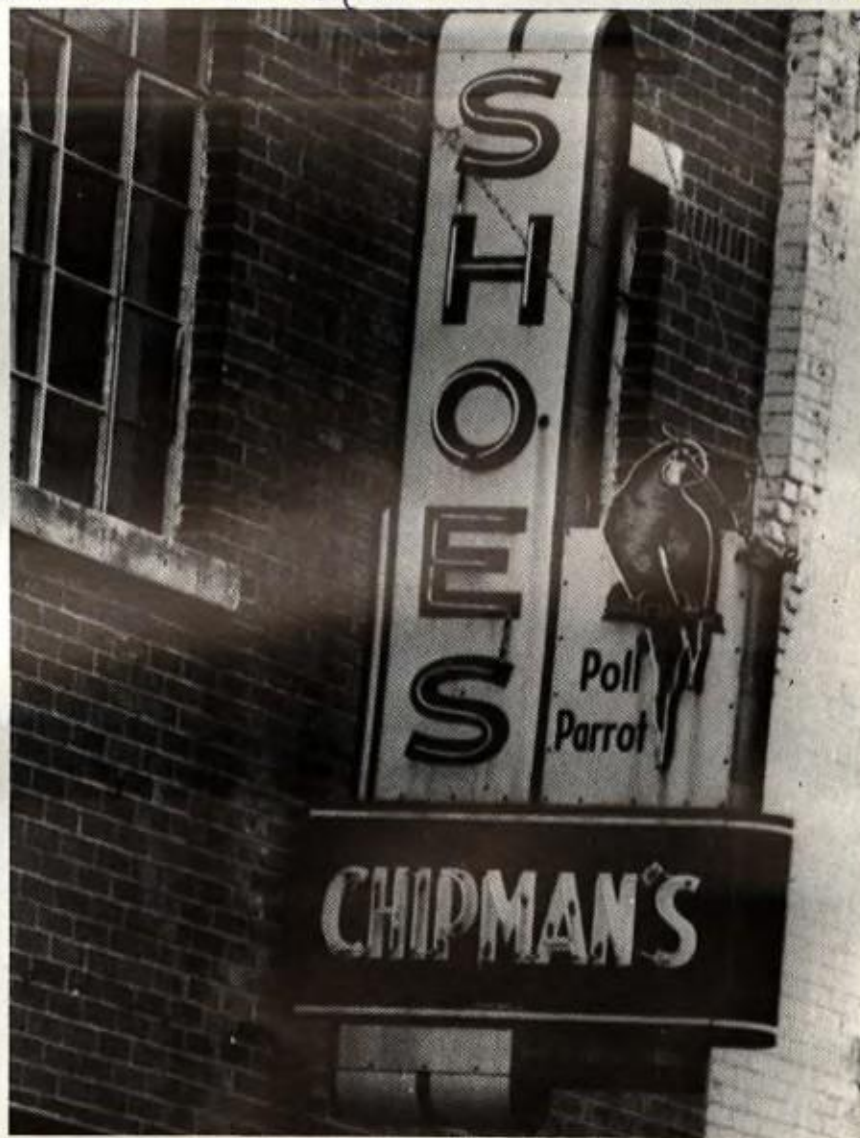

Well Bo, I think I could write a book, but I'd better get going. Bonny, just remember that I live just down the road, and I am willing to listen anytime you want to talk. (I think I can keep secrets pretty good by now, especially now!!!!!!) Always keep your sense of humor and you'll go far.

Take care of that special someone when he comes (I know he will soon)
